

EMORY HEALTHCARE Nurses

Career Growth and Opportunities

EMORY HEALTHCARE is the only academic health care system in Atlanta. It is also one of the finest of its kind in the world — accelerating medical discoveries and breakthroughs every day. Since we are affiliated with world-renowned academic institutions, such as the Emory University Schools of Nursing and Medicine, we have access to pioneering research facilities and the latest health care knowledge, allowing our interdisciplinary team to thrive in a global teaching environment.

EMORY HEALTHCARE is a network of operating units. Individual, yet cohesive, each entity contributes to our commitment to exemplary patient care, professional growth and personal excellence. EMORY HEALTHCARE experts collaborate to provide the best treatment options. By focusing on patient- and family-centered care, we are creating an environment where families play an important role in caring for their loved ones and patients are empowered to assist in designing the best treatment option for them.

EMORY HEALTHCARE's operating units:

Emory-Children's Center	Emory University Orthopaedics & Spine Hospital
Emory Johns Creek Hospital	The Emory Clinic
Emory University Hospital	Wesley Woods Center
Emory University Hospital Midtown
