

# EMORY HEALTHCARE UROLOGY CENTER

Emory Department of Urology has been recognized as a leader in urological medicine by the American Foundation for Urologic Disease, American Urological Association Education and Research and the American Urological Association. We are part of EMORY HEALTHCARE, a comprehensive health system, and Emory University School of Medicine, a global leader in patient care, research and education.

Our medical team includes nine board-certified physicians who respond quickly to urgent and non-urgent urological needs for both men and women. We offer comprehensive services including minimally invasive treatments for benign prostatic hyperplasia (BPH), prostate cancer and kidney stones.
