

Wesley Woods Center Patient Family-Centered Care Advisory Council

Have you been to Wesley Woods Center as a patient or family member of a patient? The Patient Family Advisory Council is looking for individuals to share their insights and ideas to make the patient and family experience at Wesley Woods the best it can be.

A council member should be able to:

- Share insights and information about their experiences
- See beyond their own personal experiences
- Show concern for more than one issue
- Ask questions
- Listen well and respect other points of view
- Work in partnership with others

Council members will:

- Attend meetings once a month for 1 hour
- Review hospital practices from a patient-family point of view
- Provide ideas for the hospital to better serve patients and families
- Recruit new members

If you would like to be a part of the Patient Family Advisory Council, contact Warren Rary at whr103@yahoo.com or call Ginny Causey at 404-728-6699.
