Georgia Minority Health Advisory Council Addendum

Because of Georgia's racial and ethnic diversity, and a dramatic increase in segments of the population with Limited English Proficiency, the Georgia Minority Health Advisory Council is working with the Department of Community Health to assess our health systems' ability to provide Culturally and Linguistically Appropriate Services (CLAS) to all segments of our population. We appreciate your willingness to provide information on the following questions:

Do you have paid medical interpreters on staff? (Check the box, if yes) ☐

If you checked yes, how many? (FTEs)

What languages do they most often interpret?

When a paid medical interpreter is not available for a limited-English proficiency patient, what alternative mechanisms do you use to assure the provision of Linguistically Appropriate Services? (Check all that apply)

Bilingual hospital staff member ☑

Community Volunteer Interpreter ☐

Refer patient to outside agency ☐

Bilingual member of patient's family ☑

Telephone interpreter service ☑

Other ☑

Please describe

Video Remote Interpretation agency (iPad); We provide an Agency Interpreter coordinated by us; Over the phone interpretation

Please complete the following grid to show the proportion of patients you serve who prefer speaking various languages (name the 3 most common non-English languages spoken.):

Top 3 most common non-English languages spoken by your patients	Percent of patients for whom this is their preferred language	# of physicians on staff who speak this language	# of nurses on staff who speak this language	# of other employed staff who speak this language
Spanish	0	0	0	0
Vietnamese	0	0	0	0
Korean	0	0	0	0

What training have you provided to your staff to assure cultural competency and the provision of Culturally and Linguistically Appropriate Services (CLAS) to your patients?

Interpreter Staff Training - All interpreter staff are required to be qualified medical interpreters and must complete a minimum of 40 hours of medical interpreter training. Interpreters receive onboarding and ongoing professional development focused on medical terminology, ethics and standards of practice, patient confidentiality, and effective communication in clinical settings.

What is the most urgent tool or resource you need in order to increase your ability to provide Culturally and Linguistically Appropriate Services (CLAS) to your patients?

As demand for language services continues to increase across our hospitals and clinics, additional interpreter staffing and expanded access to interpretation modalities are essential. This includes in-person interpreters as well as ensuring staff have access to the appropriate video and phone interpretation equipment.

In what languages are the signs written that direct patients within your facility?

Language One:

English

Language Two:

Language Three:

Language Four:

If an unisured patient visits your emergency department, is there a community health center, federally-qualified health center, free clinic, or other reduced-fee safety net clinic nearby to which you could refer that patient in order to provide him or her an affordable primary care medical home regardless of ability to pay? (Check the box, if yes)

☐

If you checked yes, what is the name and location of that health care center or clinic?

Nurse Employment Addendum

Did your facility employ one or more nurses holding a multistate license pursuant to O.C.G.A. § 43-26-60 et seq. for 30 days or more in 2025 (January 1, 2025 through December 31, 2025)? (Check the box, if yes.)

☑
