A Decade of Impact—Now Let's Change the Future

"The Emory Healthcare Veterans Program gave me the tools I needed to thrive. I struggled quietly for so long, but now I'm showing up for both me and the people I love." — Daniel, Army veteran and Accelerated Treatment Program graduate.

Help Us Heal Invisible Wounds

Your support will power the next decade of life-changing care. Together we can transform more lives and honor the heroes who have served. Every $1,000 funds the journey of healing for one veteran—100% cost-free to them.

Change a Veteran's Future

Compassionate Care with Life-Changing Results

This July, we celebrate not only our nation's independence, but also the personal freedom so many of our participants find through our program.

The effects of post-traumatic stress and other invisible wounds can limit the lives of veterans by affecting relationships or jobs, leading to more isolation and alienation. **But healing is possible.**

At the Emory Healthcare Veterans Program, healing means more than symptom relief, it means a new sense of freedom. Through our accelerated, evidence-based treatment program, participants discover a renewed confidence and a deeper sense of purpose. Many reconnect with their families, reengage in their communities, and look forward to the days ahead.

Our graduates lead the lives they and their loved ones choose.
Their independence is worth celebrating!

The Quiet Fight: Daniel's Story

For years after leaving the Army, Daniel struggled with isolation and felt overwhelmed by the lasting impact of trauma. A traumatic brain injury, compounded by years of high-risk combat operations and a series of personal losses, left him disconnected from his purpose and the people he loved.

When Daniel discovered the Emory Healthcare Veterans Program, he knew it was time for change. Through the two-week accelerated treatment program, he confronted painful memories, learned to manage his symptoms, and rebuilt the structure his life had been missing.

Today, Daniel lives with intention. He starts each morning with gratitude, shares his journey to help others, and spends meaningful time with his family. ***"I'm just the dude who's lived a lot of life and is grateful to be alive," he says.***

Daniel's story is a powerful reminder that healing is possible, and independence can be reclaimed through compassionate, evidence-based care.

Daniel's not alone—and neither are thousands of veterans still waiting. You can be the difference. Help fund their path to healing.

Keep an eye out for these monthly emails, each featuring a new veteran or service member, and share their story to inspire others to join our mission.

If you are a post-9/11 veteran or service member affected by invisible wounds, take the first step toward healing today. Call 888-514-5435 to speak with a veteran care coordinator or fill out this confidential form and we will contact you.

Save the Date

Mark your calendar for November 13, 2025, and celebrate a decade of healing and growth with us! Event details, including location and registration information, will be shared in our September newsletter, so stay tuned!

With Gratitude to Our Presenting Sponsor

Thank you to the Wounded Warrior Project® for their generous support of our 10-Year Anniversary Celebration.

Wounded Warrior Project is the nation's leading veterans service organization, dedicated to the total well-being of post-9/11 wounded, ill, or injured veterans and their families. From mental health and physical wellness to VA benefits assistance, peer support, and more, they're changing the way our nation cares for veterans and helping them thrive for a lifetime.

Transform Lives Today

We heal our nation's heroes. Learn more about the transformed lives our patients enjoy in our Impact Report.
