

Joining Your Zoom Video Appointment

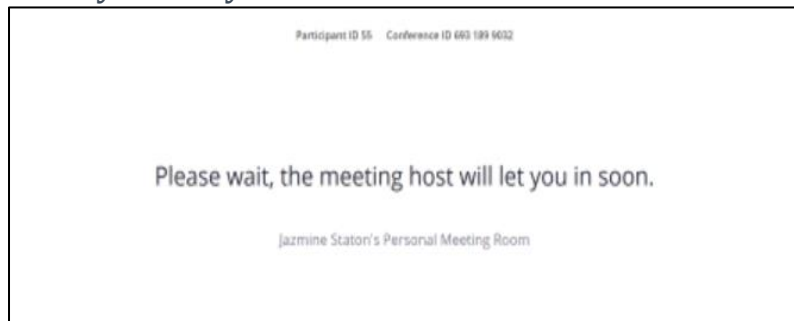

1. Click the link in the appointment email/portal message that you received from your scheduler.
2. Click **join from your browser** instead of running the installer for the desktop application.

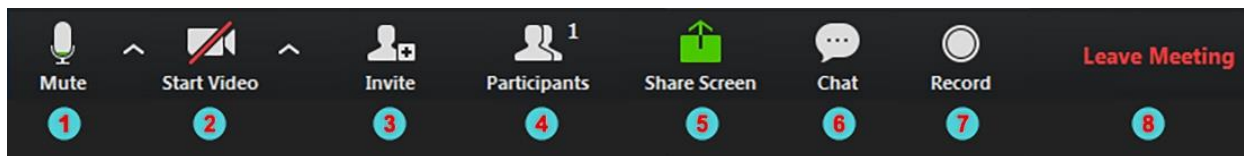

3. You will be prompted to enter your name. This is how you will be labeled for your provider. After entering your name, click "Join".

4. You will be placed inside the patient waiting room until the provider is ready to see you. **Do not exit from this screen:**

Zoom Control Guide

These controls can be found at the bottom of your Zoom window:

- 1) **Mute:** mute/unmute the microphone
- 2) **Start/Stop Video:** start/stop the use your camera
- 3) **Invite:** This control allows you to invite a caregiver to your appointment
- 4) **Participants:** displays the number participants in your appointment and allows you to manage those participants
- 5) **Share Screen:** share your screen with your provider
- 6) **Chat:** open the chat window for your appointment
- 7) **Record:** record your appointment with your provider
- 8) **Leave Meeting:** This control should only be clicked when you are completely done with your appointment. This will remove you from the provider room.
