## 20% off CoolSculpting®\*

Have you heard the term “Freeze the Fat!”? If you have, you may know that it is in reference to [CoolSculpting](#), a non-surgical treatment to eliminate unwanted fat on the abdomen, upper arms, flanks (love handles), lower back, thighs and under the chin.

**[Schedule your consultation](#)**  
or call **404-778-7261**.

CoolSculpting is a revolutionary new treatment that uses Cryolipolysis, or freezing temperatures, to destroy fat cells without surgery. With our NEW applicators that shorten treatment and recovery time, patients are back to work and resume normal activities the same day. Over the next several weeks, as the damaged fat cells are safely metabolized by the body, the target area will see a smoother, more taut appearance.
